High Definition Vending

So brilliant, so efficient and so exclusive - LED lighting is standard only in The Vista Series! Highlight your product to it's best advantage and sell up to 12% more!

Save time and money - the greenest technology in vending! LED lighting lasts up to 50,000 hours. That means less waste in the environment and less power consumption at the location.

Productivity

Change all your pricing, on all your machines, from your PC!

Sound good? The Vista Series can make it happen with the **Seaga Smart Card** and **Seaga Smartware** software. Change prices, settings, deals and more and give your route driver the card - instant download!

Works the opposite, too - diagnose and troubleshoot right from the card!

Guaranteed Vend

- Improve Reliability
- Re-credits or refunds
- Consistent home position
- Sensor self-calibration
- Reduces service calls
- No give-away products
- Keeps track of vends

Increase Sales

80% of employees say that they consider on-site offerings of snacks and beverages a benefit to them. Encourage their purchases by using the Jackpot settings on The Vista Series! Meal deal settings are also available.
